WITH THE OLD TIMERS

IN THEIR ANNUAL CELEBRATION

The Edmonton Hotel Was the scene of a Splendid Gathering Last Night—Pioneer Days Recalled.

"Still linger in our northern clime some remnants of the good old time." Such is the motto of the Edmonton Old Timers' Association. It last night's festivities were a remnant of the Old Timers of Edmonton may well be proud of the good old days.

There were none but genial, whole-hearted men at the tenth anniversary of the Old Timers' Association held last night. It was the "Old Timers" night out and one and all enjoyed themselves to the fullest extent. Upwards of fifteen were present. Edmonton furnished the great majority but numerous guests were present from Strathcona, Fort Saskatchewan, St. Albert, Calgary, Wetaskiwin, Lacombe and other points.

The festivities commenced with a splendid dinner which was partaken of with a great deal of relish. The tables were set with the very best viands procurable. The menu, as Donald Ross, was a very distinctive creation itself. A person required skill in the French language and in half a dozen Indian dialects in order to intelligently give his order, as will be seen by the following:—

After the good things had been partaken of, the chairs tilted back and the cigars lit, the second part of the evening's entertainment commenced. President Ibbotson briefly related several points in the past history of the Old Timers' Association. They were this year commencing with a clean sheet and he urged the absolute necessity of each Old Timer enthusiastically supporting the association. It has been customary on past occasions for the Old Timers to hold a ball. This year it will take the form of a reception held by the Old Timers and their friends. The toast to the King was then drunk with the usual honors. The toast to the Army and Navy, coupled with the names of W. Barwa, Calgary, and S. C. Paton, Edmonton, was received with the singing of "For They are Jolly Good Fellows."

Mr. Barwa was pleased to be present as an Old Timer. He had been in the country since '81. He was proud to be in charge of a most gallant corps of mounted men at Calgary. As Lord Dundonald had said, the boys of Alberta were the boys to fight and ride, and it was the speaker's wish to see a squadron of mounted men in every town in the Northwest. Ex-Sergeant Paton, of the Strathcona Horse, paid a tribute to the army of Great Britain and to the colonial troops in connection with the late South African war. A song, "We're Na Soe Far," by Mr. Wilkins, of Wetaskiwin, was received with great applause and he was forced to respond.

DIRTY POLITICS OF RECENT ISSUE.

The Calgary Herald of recent issue, is giving examples of dirty politics which these Territories have not hitherto been used to. Not long ago it announced editorially that Mr. Oliver was carrying the promise of a senatorship around in his pocket. In its issue of Dec. 7th it has the following: "It is rumored that Frank Oliver, M. P., admits that he will have a hard row to hoe against Dick Secord in the Edmonton district and that he is casting about for something easier. Calgary to Mr. Oliver, according to a story from the north, looks easier than the northern proposition and there is a probability that he may be the Liberal candidate in this constituency. Liberals in Calgary, it is understood, are exceedingly anxious to have Mr. Oliver as their standard bearer, as they have the gravest doubts about P. Burns entering the field."

Without discussing the possible results of the contest in Edmonton—something which rests with the electors and not with the candidates, or with the Herald—it may be suggested that Mr. Oliver has never looked for easy propositions in public life, and has never backed away from hard ones. When the newspapers of the opposition resort to absolute falsehood, as the Herald does, to discredit their opponents, the only possible conclusion is that in the truth they have no case—that they depend for success on their ability to fool the people.

The Calgary Herald claims a population of seventy five hundred and probably eight thousand for that city, based on the civic voters' list. That is not a very accurate guide, as voters are not necessarily residents. But whether the population is a thousand more or a thousand less, the pleasing and unquestionable fact is that Calgary is increasing very satisfactorily in both population and wealth.

WITH THE OLD TIMERS

Continued from First Page.

The toast to the Houses of Parliament, coupled with the names of P. Oliver, M.P., and R. Secord, M.L.A., was enthusiastically received. Mr. Oliver spoke of the Old Timers, of whom he was proud to be one. The enthusiasm of the association seems to be increasing as was evidenced by the splendid turn out at last night's celebration. The tide of prosperity at Edmonton is rising and the eyes of the world are upon us. Although the world is improving, and the present days are better than the past, he wished to speak of the high sense of honor that possessed everyone in the pioneer days. A standard of honor prevailed then that is not expected to-day. Then a cache was sacred and went unmolested. The Old Timers deserved a great deal of credit for planting the flag of civilization on the north bank of the Saskatchewan river. He mentioned the fact that he had built the first place of business, with the exception of the Hudson's Bay company, in Edmonton, and that John A. McDougall had built the second building. This brought Mr. McDougall to his feet. He was proud to be considered one of the fathers of Edmonton, a town that is a very distinctive credit to her citizens. A great change had come over Edmonton during the past few years and the future is bright and alluring. Mr. Secord was absent and hence could not respond to the toast to the Houses of Parliament. Geo. McLaughlin was next called upon. He related a couple of humorous stories of the old time days.

The toast to the learned professions was coupled with the names of Rev. D. G. McQueen, Principal Riddell, of Alberta College, and C. W. Cross, Mr. McQueen addressed a few words especially to the Old Timers. It was a splendid thing to come to this far off country in those early days. The fact that the settlement was so sticktoitive proved that many of the Old Timers were Scotchmen, who have the staying power. He rejoiced that so many of the Old Timers had lived to see the dawn of brighter days and hoped they would be long spared to live in the city that has grown upon the foundations so ably laid by them. Principal Riddell, although a very new timer, was pleased to meet with the Edmonton Old Timers, the men who had the courage to come here in the very early days. C. W. Cross followed by relating an excellent story of an old timer meeting with an Englishman. The Old Timers had discovered that this was an excellent country, and the new timers had followed in their footsteps in coming here. An excellent song by Mr. Beltrage was followed by the toast to the town of Edmonton, coupled with the names of Mayor Short and Harry Goodridge.

Mr. Short thought it an honor to be the representative of a very old timer, the town of Edmonton, which had been a prominent landmark for over a century. There were four old timers in the present council. He was glad to see the old timers who had faith in the country live to see it do well. He referred to the Act of Parliament recently passed providing for the collection and compilation of data relating to the early history of the country. Great attention should be paid to this. Mr. Goodridge had been in the country since '74. He related a couple of amusing stories of the early days. Mr. Jas Gibbons was then called upon. He told of how he came to Edmonton in the early days and how he had found no one but Gaelic speaking people in Edmonton. This was in November of '84. He got an Indian guide to Victoria, where he found Rev. Geo. and Jno. McDougall. Mr. Gibbons' speech was listened to with a great deal of interest.

An excellent French song by Mr. Joe Bilodeau followed, the chorus of which was enthusiastically joined in by the gathering. The toast to the Banking and Commercial Interests was responded to by Messrs. Jno. A. McDougall, J. H. Morris, and W. J. Richardson. Mr. McDougall spoke at some length on the progress that Edmonton has recently enjoyed. Her business concerns are on a firm financial basis and are the best rated in any town in the Territories. J. H. Morris spoke interestingly on early days in Southern Alberta and related a couple of amusing stories. Mr. Richardson believed that newcomers should take as worthy examples the old timers who had made Edmonton. An excellent song by Donald Ross was followed by the toast to Sister Societies, coupled with the names of G. J. Kinnaird on behalf of the St. Andrew's Society and P. E. Leonard for the St. Jean Baptiste Society. Mr. Kinnaird recited the following stanza:

"The day when you're favored few,
Recall the days long spent,
And revel in kye meets
Washed down with four per cent."

Mr. P. E. Leonard then spoke of the beneficial effects of good societies. He was not an old timer but he hoped that through time he would be one. The old timers deserve the great credit for their enterprise in the pioneer days in Edmonton. He proposed a toast to the Old Timers, to which C. W. Cross replied. President Johnston spoke explanation of the aims of the Old Timers' Association. Many of those who could qualify had not yet had their photos taken for incorporation in the Old Timers' group and he hoped this matter would be attended to at once.

The toast to the Press was responded to by J. W. Cunningham, on behalf of the Journal and J. A. McKinnon, the Bulletin. The toast to the Ladies brought forth a couple of excellent speeches from Dr. Ferris and Mr. Irwin.

Donald Ross, Malcolm Groat, Larry Garneau and several other Old Timers gave short speeches, after which the highly successful tenth Old Timers' dinner was brought to a close by the singing of the national anthem and Auld Lang Syne.

—There are said to be 125 teams daily engaged in the coal hauling business at Edmonton.

Frank Oliver, M.P., left for Lacombe this morning to address a meeting there. After the meeting, the Lacombe Liberal Association will tender him a banquet.

—An eight foot sidewalk has been built along the east side of Fraser avenue, opposite the Alberta hotel. This sidewalk was torn away during the construction of the new hotel.

—A hockey match will take place in Strathcona this evening between Edmonton and Strathcona. Edmonton players will be Humston, Bannister, Bellamy, Wright, Sibbald, Greenwood, and J. C. McDonald. The train leaves at 7:45 o'clock.

—Regina city council has awarded the contract for the installation of waterworks and sewerage systems in that town. Dobson, Jackson & Fry were awarded the contract for the city water conduit pipe, where the city way conduit pipe, where the heavy cuttings occur. Dobson, Jackson & Fry's contract price is \$31,500.

—Last year Carberry hockey team won the intermediate championship, and was this year invited by the provincial senior teams to enter the senior ranks. The president of the Carberry hockey club however, has announced that this will be impossible, as Humston, goat, and Wright, cover, two of their starwatts, have left Carberry and are now playing in Edmonton.

—Leader.—A correspondent of the Medicine Hat News writes that the Grand Trunk Pacific surveyors, under charge of Mr. McNeill, have made sounding lake headquarters and supply camp for outfit, working east and west from there. The correspondent says also that these surveyors are paying particular attention to finding a route on which the grades will be very light.

—The Prince Albert Advocate in its last issue says: "We have learned that the Hudson's Bay Company have in contemplation the building of an up-to-date, commodious steamer to ply between Prince Albert and points on the Upper Saskatchewan. The company, with its large interests here at Battleford, Edmonton, etc., have, no doubt, a comprehensive appreciation of the requirements of the Northwest, and action on their part must mean confidence in the future of Prince Albert as a permanent distributing point."

—Alberta German Herald.—Not only on the other side of the ocean and in the far East, but also in the neighboring province of Manitoba there are many who are getting their eyes opened more and more about far-famed Alberta, when they receive the 24-page illustrated, extra edition of the Edmonton Bulletin, which was issued a short time ago. With excellent description there was set out in proper colors the gigantic nearly credible advancement of Northern Alberta, which about fifteen years ago, you might say, was yet an unknown land, seldom taken notice of and very sparsely settled. But Northern Alberta is coming to life now, and everywhere industrious people flock in and begin to make use of and to raise the treasure, which our Maker has bestowed upon our district in a far more abundant manner than in other parts of our great Canadian West.

PREFACE

[to "Edmonton Illustrated"]

To those who have known Edmonton from its early days, and who wish to keep a reference of its present stage of development for the days when we shall have a great city here, we present this volume as one of value.

For all those who wish to demonstrate to distant friends the, to them, but little known conditions of living, general advancement in town and country, etc., treated on herein we offer this volume as the most complete extent. Though Edmonton is rapidly becoming known the world over, yet the actual knowledge of these parts is generally but meagre and often very misleading, as the writer knows personally. This is also evidenced by the complete surprise shown by the average newcomer.

For these and other reasons we believe a work of this kind to be a real present need and our aim is to make it as exhaustive as it is within our power to do. "Globe" works along this line have gone about half way; we have gone to the end, according to our light. Therefore we beg leave to present this little volume as the most practical and complete yet published, and beg you to give it your kindest consideration. The delay in publishing is largely directly due to the endeavor to include all of 1933's advancement, pictured and described.

Xmas, 1933.

Holiday Tips for Clothing Buyers.

To Buy a Suit or Overcoat Without

seeing our stock would be like discussing the drama without a knowledge of Shakespeare, or trying to find out Edmonton's advantages from a Strathcona real estate agent.

To be sure, there is much good clothing to be found in other stores, but you don't know how good ready-to-wear clothing may be unless you have seen our garments. Our stock contains the best of every grade, and in each grade you get the very best suit or overcoat procurable.

This is not a theory, but an established fact.

Our grades of greatest pride are those at \$10, \$12 and \$14. At those three prices you get enough style to satisfy any man.

It will pay you to do a little investigating. Then you will know

our value is the greatest, that your money goes farthest, a declaration that is echoed from the \$10 suit to the highest grade.

At \$10 you have the choice of fifteen different materials, from the fine imported woads to the finest domestic tweeds. All the best workmanship, lining and fit, equal to a custom made suit at more than double the price.

At \$12.50 our big specials are fancy worsteds and Scotch and English tweeds of the newest and most popular designs, Fall and winter weight, best farmers' satin lining, workmanship of the best, and fit guaranteed. The suit cannot be duplicated elsewhere at less than \$18.00.

At \$14.00 we show the cream of perfection in suits. The best imported worsteds, in black and fancy colorings. Artistic in cut, unequalled in finish and beyond compare in workmanship. A special feature of this grade is the new padded shoulder that lends grace and elegance to the figure.

Men's Fur Lined Coats.

If you intend buying a fur-lined overcoat, don't delay, as we have only a few left. The shells are made of black imported beaver cloth, the linings are of prime muskrat, and the collar of No. 1 quality Persian lamb. All sizes are here. Our special price is \$25.

For Boys and Youths

our efforts were untiring in securing the best manufactured, to maintain our reputation as HEADQUARTERS FOR BOYS' CLOTHING.

We are showing exclusive novelties in Boys' Brownie and Norfolk suits, Raglan and Blanket overcoats and sweaters.

WETASKIWIN MUNICIPAL MATTERS

A new force in Wetaskiwin municipal matters is what is known as the citizens' ticket, which is: Mayor, Dr. H. C. R. Walker; Councilors, H. J. Montgomery, W. J. McNamara and Chas. H. Olin. Their platform is:—

1. The maintenance of law and order.
2. The ownership of all civic franchises.
3. Immediate action with a view to providing a system of waterworks and sewerage for the town as soon as practicable.
4. Careful supervision of streets and sidewalks.
5. The installation of a civic electric light plant with the object of lighting the streets and of selling light to the townpeople during the year 1904.
6. The purchase of several acres of land for the purpose of establishing a public park.
7. Immediate and energetic action to be taken on the initiative of the town council and co-operation of the Board of Trade to advertise the town of Wetaskiwin as widely as possible with the object of attracting settlers to this district and industries to the town.

WINNIPEG MARKETS

Commercial, Dec. 5th.
Wheat.—Manitoba wheat has been harassed this week by the close of navigation. Shippers were well provided with wheat just work for all requirements, but the expectation that other vessels might be engaged for which wheat would be needed, kept holders in expectation. Little has been done, however, and prices are now on the basis of December delivery. At the close of business yesterday there were buyers at 75c, 1 Nor. 75c, 2 Nor. 71c, 3 Nor. 62 3/4c, No. 4 wheat 51c, red wheat 44 1/2c, feed No. 2, spot or December delivery, in store, Port William or Port Arthur. Oats.—There are not many oats coming in and in the absence of any special demand the market is dull at unchanged prices. Local feed dealers are paying 31c to 32c for No. 2 white oats in carlots on track here; 30c for No. 3, and 25c to 26c for feed grades. For farmers' loads at country points prices are averaging about 30c. Barley.—The movement is confined to very small proportions, as there is not much barley watering. Feed merchants have advanced their prices for feed grades 1c per bushel, but there is no change in the price of malting. Malting grades are bringing 36-37c per bushel in carlots on track here, and feed grades 34 to 35c. Farmers are getting about 30c at country points.

THE PEACE RIVER COUNTRY

The Winnipeg Telegram publishes the following dispatch:—
Vancouver, Dec. 3.—R. J. Christie has returned from the Peace River country in British Columbia, and announces that a large tract of semi-anthracite coal has been located. He states that when the Grand Trunk Pacific goes through that section, it will open up vast mineral wealth in the way of power, gas, free milling gold ore and coal areas.

ST. ALBERT

The ladies of St. Albert are preparing for a bazaar, to be held on December 20th, 21st, 22nd, in the Seminary hall. There will be all kinds of attractions.
